Notes for Carter Briefing on Korea

Time - Not set, but sometime after Democratic convention and before height of campaigning season, whenever that may be. Right now, subject seems to be rather low down on list of topics proposed. Nevertheless we need to be ready very soon.

Duration - Assuming one briefing day (now set at six hours) for East Asia, a significant proportion thereof.

Accordingly, in preparing let's err on the side of excess data -- this does not mean excess prose -- nouns look better naked.

Classification - No holds barred except sources and methods.

Graphics - Lots of page size he can look at while listening.

Few or no briefing boards.

Suggested Topics - (To be discussed at meeting this PM)
